## From A Very '80s Christmas into the New Year 2024

As we turn the page to 2024, we highlight our '80s Guru and Sales Manager, Ann Marie Calabrese. Ann Marie started her career in 1990. In addition to being in sales and on the air, she was a fill-in for the Dutch Trader, Oldies for Lunch Bunch and as our Program and Traffic Coordinator. In the mid '90s, she started an '80s show called "Magic's 80's Classics". In 2005, she left the stations to go work for another station, but returned since her heart was with Magic.

Since 2010, the '80s show was revamped into the show now called "Stuck in the '80s", airing on Saturday night from 9 until midnight. When the stations changed ownership in March of 2020, Ann Marie was thankful to stay on board with the new owners, CC Broadcasting.

Calabrese stated, "I cannot thank our clients and listeners enough for allowing our staff to do what they love. Thank you for your patronage, your support and keeping radio alive in your homes, vehicles, places of employment and wherever you may go. Tell a friend to "Tune In and Get Stuck" every Saturday night...it's a resolution you can keep!"

## 50 Years of Polka Joe

There have been four owners, several format and call letter changes and two separate studio locations over the past 50 years, and through all those changes, Polka Joe and "The Magic Polka Machine" have been on the air entertaining thousands of listeners every single Sunday morning since 1974.

Mark your calendars for May 26, 2024 and help us celebrate the one and only Polka Joe Manjack at the Lakeside Ballroom in Barnesville. This event will feature a live broadcast of The Magic Polka Machine, live music, and food. For more information about how you can be a part of the celebration, contact the business office.
