Good Morning Lehigh Valley!

Brad Osbourne is helping wake up the Valley with a new show on Sunny 1100 WGPA called Good Morning Lehigh Valley. Every Tuesday from 9 to 10 a.m, Brad connects listeners with community leaders, elected officials, authors, historians, and experts in a wide variety of fields. The show promises to bring listeners information about a variety of topics pertaining to their daily lives, ranging from arts and entertainment, economics, non-profits, sports, and wellness. Listeners are encouraged to

engage in the conversation by sending in questions for guests.

Listeners who want to explore past guests and topics can find an archive of episodes at www.sunny1100.com. For more information about the show, or if you have questions for any of the guests, email Brad Osbourne at bradwgpa@ptd.net. Plus, stop over on the Good Morning Lehigh Valley Facebook page for sneak peaks of upcoming interviews.

Mobile Apps

We are excited to announce the launch of our new mobile apps! Each station now has its own app available for both Apple and Android devices, as well as through Apple CarPlay. Users can see a list of recently played songs, upvote and downvote songs, and receive push notifications to be kept up-to-date about all of our upcoming contests and giveaways. There's even an alarm clock feature, so listeners wake up to their favorite tunes and radio shows. All three apps are available for download at www.wmgh.com and www.sunny1100.com.
